

LauzHack 2024 Data Usage Agreement

By participating in LauzHack 2024, you agree to the following:

1. Definition of Sponsor Data

“Sponsor Data” refers to any data, information, or materials provided by the Hackathon sponsors, including but not limited to datasets, APIs, proprietary tools, or documentation.

2. Sponsor Data Use

Sponsor Data is for use **exclusively** during the Hackathon. You may not use, copy, share, or retain Sponsor Data outside the event without the explicit, written permission of the sponsor.

3. Confidentiality

Sponsor Data is confidential. You must not disclose it to anyone outside your Hackathon team.

4. Compliance

You agree to comply with all applicable laws and respect sponsors' ownership of their data.

5. Return or Deletion

At the end of the Hackathon, you must delete or return all Sponsor Data unless otherwise instructed in writing by the sponsor.

By participating, you confirm that you understand and accept these terms.
